

Popular Lectures 2023-4

All these are currently listed on the LivMS webpage, <http://www.livmathssoc.org.uk>

Wednesday 18 October 2023, 5-6pm

Tony Padilla (Nottingham) A host of Numberphile and author of “Fantastic Numbers and Where to Find Them”.

Title: Fantastic Numbers and Where to Find Them: a journey to the edge of physics

If possible to be held at LJMU; possibly a book-signing depending on the take-up of the lecture.

(Note: I expect to be away on 18 October so responsibility for hosting will have to lie with someone else. Tony does not want to stay for dinner or overnight.)

Wednesday 8 November 2023, 5-6pm

Rachel Bearon (President 2023-4)

Title: The maths of micro-swimmers

Venue: U of Liverpool

Thursday 16 November 2023, 5-6pm

Ems Lord, Director of NRICH, University of Cambridge

Title: Maximising the potential of interactive games in the primary maths classroom (Intended mainly for primary maths teachers)

Venue University of Liverpool and online.

Wednesday 13 December 2023, 2-3pm

Christmas Lecture

Alison Kiddle, consultant mathematician

Title to be confirmed. I am pursuing this!

Venue the University of Liverpool

Wednesday 7 February 2024, 5-6pm

Moira Chas, State University of New York at Stony Brook, USA

Title: Alicia Boole, the fourth dimension and the beginnings of the Liverpool Mathematical Society

Venue: online

Wednesday 6 March 2024, 5-6pm

Finn Allison (PhD student at the U of Liverpool)

Title: Fantastical modes and how to find them

Venue: U of Liverpool, online too?
